EVENT CALENDAR

BABY WILDLIFE

BABY BOBCATS SIGHTING

Two young bobcats were spotted relaxing in a Tapestry Mountain backyard. The mom most likely was nearby. The homeowner left the bobcats alone and did not attempt to feed them which is the correct thing to do. Click on the link to learn more

on why it's important to leave wildlife alone.

It's also a good reminder to keep an eye on pets and smaller children, even in your backyard.
